## World Environment Day Quizzes

## World Environment Day - A Day for Biodiversity

For World Environment Day, the "Wildlife & Protected Areas" and "Empowerment" teams of the Biodiversity Working Group prepared you 4 quizzes you can do take to increase your knowledge and understanding of biodiversity. Raising awareness of the importance of biodiversity, the current biodiversity crisis and its impacts, and the possible solutions, is the first step towards creating a more just, compassionate and sustainable ecological civilisation.

### Test Your Knowledge on the Biodiversity Crisis

We are living in troubled times: accelerated biodiversity loss has led scientists to warn of a 6th mass extinction that is a potential tipping point for the collapse of our civilization. But what is the true extent of this crisis, and what are its drivers? Knowledge is power, so take this short quiz to improve your knowledge on the biodiversity crisis! You can play the quiz [HERE](#).

### Climate Change and Biodiversity: Findings and Solutions

Our world has seen a lot of changes in the last 50 years. For our environment, these changes have posed an increasing threat to our planet, and highlight the need to maintain healthy ecosystems and protect biodiversity. A changing climate requires us to reshape the way we coexist with nature. As Barack Obama said: "We are the first generation to feel the effect of climate change and the last who can do something about it." In this quiz, we will mainly focus on the relationship between biodiversity and climate change and highlight desirable developments and solutions. You can play the quiz [HERE](#).

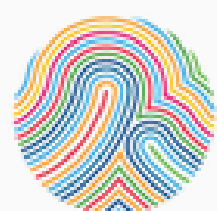

## Guess Who? Endangered Species Edition

Numerous animals and plants are threatened by different activities such as intensive agriculture, deforestation, wildlife trade, bycatch and many others. In this quiz, you will have to guess the species or group of them, your knowledge will also be challenged by other questions, and we will also ask you to watch videos so that you can improve your knowledge. Have fun!

You can find the quiz [HERE](#).

## The Importance of Protected Areas

Protected areas or conservation areas, are recognised locations of cultural, natural and ecological value. In this quiz, your knowledge of protected areas will be tested. We hope you can take some useful information from this while having fun at the same time. You can find the quizz [HERE](#).
