Expected results: Please try to quantify your expected results when applicable. You will need to report on these results, and ideally specify by age, gender, disability and country.

		TOTAL
Total size of the audience <u>reached</u> by the project:		
We'd like to get a better idea of the make-up of the audience who will benefit from your project. Don't worry if you can't be exact, these figures just give us an indication. You don't need to engage all of these audiences so your answer may be "0" for some or all of them. So, please tell us, of the total reached audience, how many are:		
	people participating in activities focused on the topic of sustainable development, just transition or climate justice	
	schools, teachers or youth workers organising or participating in climate justice, gender equality or inclusivity activities	
	other civil society organisations organising or participating in climate justice, gender equality or inclusivity activities	
	people with increased awareness and critical understanding of climate justice, gender equality, inclusivity and/or solidarity	
	people organising or participating in gender-transformative actions, policies or sharing good practices	
	people engaging with decision-makers	
	decision-makers engaged at local, national, European, and global levels	
	decision-makers who increase their engagement on climate justice, gender equality and inclusivity as a result of the project	

	Number of public messages promoting gender transformative actions, shared by those trained through the project.	
Total number of people who are active within the project. For example, those who actively attend events, engage in project actions, share information on social media or subscribe to newsletters. <i>(Don't include website hits or social media impressions here. We're interested in those who engage in the project and not those who are just exposed to it)</i>		
Number of supporters* taking action on climate justice, gender equality, inclusivity and/or solidarity. <i>Supporters are those described as agreeing with and supporting your project: those who endorse your project's goals and carry out simple actions like signing a petition or sharing information.</i>

Tell us about your organisation, your experience and who will be running the project?

We want to get an idea about your suitability to receive funding. Please tell us about any experience you've had in delivering similar projects and your past successes. If you don't have much experience then that isn't a problem, just tell us how you plan to fill those gaps in knowledge. (Max 400 Words)

Who else will be involved?

What other support will you have for the project? Please tell us about any other organisations that will support you or any other financial support you may receive.. (Max 200 Words)

Budget

Please provide a brief outline of the budget you are applying for and how the money will be spent. If you're successful in receiving this grant you will have to demonstrate at a later date how you have calculated each amount. For example, if an employee is only working on the project 50% of the time then you can only budget 50% of their salary. Similarly, if you have ten employees and only one is working on the project then you can only budget 10% of the office costs. Please delete or add lines as needed.
